

Advanced Learning Department

INFORMATION FOR PARENTS UNIVERSAL SCREENING WINTER/SPRING 2021

UNIVERSAL SCREENING

As in past years, we will conduct universal screening of all 2nd grade students and any students that are new to the district in grades 3-8. The Advanced Learning Department will work with schools to ensure the testing is completed for identification of AIG and HAG students.

Universal Screening Dates

COGAT AND ITBS TESTING

All 2nd grade students and new to district 3-8 students will be given the CogAT during the testing window of February 22-March 12, 2021. Based on the CogAT results, some students will be given the ITBS during the testing window of March 15-March 31, 2021. Tests for 2nd grade students will be given in an online format at school sites. Tests for 3-8 students will be paper/pencil. Rescreens will also be conducted during these testing windows.

Parent Permission Letters

COGAT AND ITBS TESTING

Schools are sending home a parent permission to test letter with students that are attending school in person. Please return the letter by February 5, 2021.

If a child is fully remote, parents can complete the permission letter through a google form that will be sent from the school. Please note that all AIG testing must be completed at a school site.

TESTING SUPPORT

Please contact Tammy Burton with questions regarding testing training.
