Winston-Salem/Forsyth County Schools Parking Regulations

We (student and parents) understand that student parking on school grounds is a privilege and in consideration thereof, we agree to abide by the following terms and conditions:

1. We will be in good financial standing with the school - owe no fees - before purchasing a parking permit.
2. We will park the car in student parking areas as designated by the principal immediately upon arrival on campus and will not return to the car without permission. Students shall not park in areas designated as faculty or visitor parking or in any location that would block access to a driveway, handicapped parking, or in a fashion that would block movement of vehicles on campus. "Double parking" is prohibited.
3. We understand that the buses and pedestrians always have the right of way on campus.
4. We will always lock the car.
5. We will keep the area around the car free from litter.
6. We understand that parking permits are not transferable to other vehicles. We understand that we must purchase a temporary permit at the charge of \$1.00 per day if driving another vehicle.
7. We understand that if a parking permit is lost or stolen, there is a \$10.00 charge for a duplicate permit.
8. We understand that appropriate student behavior is expected while attending school, Career Center, and while attending extracurricular activities.
9. We understand that parking privileges may be revoked for violating WS/FC policies on student conduct, including smoking on campus and skipping class/school, etc.
10. We will leave campus immediately if released during the school day for Career Center, doctor's appointment, etc.
11. We will adhere the parking sticker to the lower front windshield on the passenger's side.
12. We will not enter or exit through the bus parking lot.
13. We will drive cautiously and will obey the posted speed limit as well as all laws, rules, and regulations pertaining to the operation and parking of motor vehicles on school grounds as established by the state, county, school system and high schools.
14. We will not bring on school grounds or keep in the vehicle while it is on school grounds any prohibited or controlled substance such as beer, wine, alcohol, or drugs, or a gun, explosive, knife, or other weapon.
15. We will allow school officials to open, enter and search the vehicle if they have a reasonable suspicion that any of the items described in item 14 above are in the vehicle. We will allow school officials to remove such items as evidence in school disciplinary proceedings or as evidence in a criminal prosecution.
16. We will "buckle-up" and require all passengers to "buckle up" while operating the motor vehicle on campus.
17. Parking fees are non-refundable if parking privileges are suspended or revoked for the violation of WS/FC policy.
18. WS/FC is not responsible for the care, protection, safety, or welfare of any vehicle parked on school grounds. If a vehicle is damaged while it is parked on school grounds, it is the responsibility of the owner to determine who damaged the vehicle and to file a claim with the person or persons responsible for the damage and/or their auto insurance carrier.
19. Additionally, we understand the automobile will be towed away at our expense if the vehicle is parked on campus without a valid permit. Students and their parents will be notified as to the towing agency and its address.
