

Career Center Vision Statement

To inspire, motivate and prepare our students as leaders who successfully attain their next level with confidence and pride.

Career Center Beliefs

1. The application of knowledge is power.
2. Students will be successful given the combination of inspiration and motivation by building relationships with educators, peers and community professionals.
3. A student centered environment involves differentiated instruction.
4. Learning should take place bell to bell.

Our Mission

We commit to building positive relationships by providing unique educational opportunities that inspire and motivate our students to be successful leaders.

We will engage our students in their learning enabling them to advance personally and professionally in the 21st century.

Inspiring Minds & Motivating Leaders
