WHAT WE HAVE

- Over 6000 print and AV volumes to support our Advanced Placement, Career/Technical, and other programs
- Computers, tablets and online databases for student user and research
- Tools and technologies for a range of multi-media projects in our “Fab Lab”
- A top-notch collection of classic and contemporary fiction that speaks to a diverse range of readers
- A Canvas presence to give students access to electronic resources and information (wsfcs.instructure.com/courses/298966)

WHAT WE DO

- Collaborate with teachers to design lesson plans; instruct classes on research methods, useful technologies and other helpful resources
- Assist students individually with schoolwork, research, technology, or anything else they might need
- Provide space for group projects, guest speakers, screenings, and other gatherings

WHAT WE WANT

We want our media center to active and busy, all the time! The way we use libraries is constantly evolving, so are always updating our space, our materials, and our skills to best need student needs. We strive to maintain a welcoming atmosphere for students who need a place to read, research, create, collaborate, study or just plain chill between classes. Most of all, we want you to tell us how we can help you!
