

Wiley Magnet Middle School

Dr. Stephanie Sanders, Principal

School-Parent/Family-Student Compact

7th Grade
2023-2024

Mission- Wiley Magnet Middle School will inspire students to become responsible leaders through real-life learning situations.

Vision- “Wired” for Success: Wiley students are Innovative, Responsible, Engaged & Driven.

What is a School Compact?

A School-Parent/Family-Student compact is an agreement that parents, students, and teachers develop together. It explains how we will all work collaboratively to make sure all our students reach or exceed grade-level standards.

District Goals:

Objective A – Create a framework for Teaching and Learning to guide the vision and strategic direction of all teaching and learning decisions focused on improving academic outcomes for all students.

Objective B – Utilize the Framework for Teaching and Learning to design and implement rigorous standards-aligned and culturally relevant curriculum resources focused on student engagement and ownership.

Objective C – Develop and monitor assessment data to evaluate the fidelity and success of the Framework for Teaching and Learning.

Objective D – Utilize a Continuous Improvement Cycle to revise and refine professional development and curriculum resources based on the needs of teachers and students.

Wiley Goals:

Increase academic proficiency for math, reading and 8th grade science areas across all grade levels by 5% by June 2024.

Increase climate and culture data 5% as measured by Panorama data by June 2024.

Increase students with disabilities and Hispanic subgroup academic data by 10% as measured by EOGs by June 2024.

Purpose of Title 1

Title I, of the Elementary and Secondary Education Act (ESSA), is a federally funded program that provides financial assistance to local education agencies (LEAs) and schools. The purpose of the Title I program is to help at-risk students meet the state's challenging academic content and performance standards. Schools qualify for Title I funds based on economic need. The Title I program offers a variety of services for participating schools, which may include additional teachers and support staff, extra time for instruction, a variety of teaching methods and materials, smaller classes, and additional training for staff.

Wiley Curriculum:

Wiley is a STEAM Magnet School, where Science, Technology, Engineering, Art, and Math drive instruction. Wiley teachers utilize the Common Core Standards for math and reading, the North Carolina Essential Standards for science and social studies and the North Carolina Standard Course of Study for encore courses to guide our instructional planning and curriculum decisions. Additionally, in the English as a Second Language classes, teachers utilize the WIDA standards to design instruction to meet students' needs. Wiley supports students with diverse needs. Wiley also serves students with various exceptionalities including sensory impairments and cognitive needs.
