2020 AP Exam Scores

As usual, 2020 AP Exams will be scored by college faculty and AP readers, and scores will be reported on a 1–5 scale.

College Board plans to release scores as close to the usual July time frame as possible.

Acceptance of AP Exam Scores by Colleges and Universities

- Colleges across the country are voicing strong support for students to complete the AP experience, take the exam, and receive the college credit they deserve.
- We're confident that the vast majority of higher ed institutions will award credit as they have in the past.
- Colleges are especially supportive given the uncertain financial future many families face, and the value of students entering college with credit.

The College Board recently announced changes to Advanced Placement[®] (AP) Exam content and formats for spring 2020.

UC recognizes the effort that students have already applied in these challenging courses and will award UC credit for 2020 AP Exams completed with scores of 3, 4, or 5, consistent with previous years.
