Flexible “FLEX” Fridays

There will be “FLEX” Friday each week. During the remote learning, students will only be introduced to new concepts or skills Mondays-Thursdays during live instruction. Fridays will still count as an instructional day and attendance will be determined by:

- working on and/or the completion and submission of assigned tasks
- participation in small groups or one-on-one sessions

NO tasks will be assigned on “FLEX” Fridays covering content that has not previously been taught. Students with varying needs that require special service delivery must have access to all their relevant services and supports. This includes the provision of all accommodations and modifications included in their IEP, LEP, AIG, or 504 Plan throughout the week (NOT JUST ON FLEX FRIDAY).

F

Flexible Groups - Fridays are another opportunity to meet with small groups of students in order to remediate, provide guided practice, or enrich learning, as well as, to provide additional collaborative learning opportunities.

L

Continued Learning - Learning activities and assigned tasks on Fridays should be a continuation of the skills, facts, and concepts taught throughout the week.

E

Enrichment or Extension - Learning activities and assigned tasks should provide opportunities for deeper dives/examinations of concepts and ideas from lessons taught Mondays-Thursdays.

X

eXtra Learning and Support - This day can be used for catching up and/or connecting with teachers or other support staff for any additional support required for student success.
