

Student Registration Procedure for an Online New Credit Course

Students who are seeking to meet a prerequisite, accelerate their learning, be competitive for college admission, and/or need to complete a course that would not fit in their schedule may request a new credit course online.

Online courses should be in addition to students' daily full-time schedule at their assigned school, and not take the place of courses at the assigned school.

Online learning is for the self-motivated, self-directed independent learner.

STUDENT/PARENT NCVPS/Edgenuity IS COURSE AGREEMENT

My child has an IEP or a 504 plan and I have completed a [Release of Education Records form](#) in order for accommodations/modifications to be shared with the online teacher. I understand that the online teacher and the school will communicate regarding appropriate implementation of accommodations/modifications for online courses.

- I understand that the computer I use must have the NCVPS or Edgenuity minimum technology requirements which can be found at [Technology Requirements](#)
 - I understand that I must be self-motivated and self-disciplined and manage my time well in order to complete the assignments in the online course on time.
 - I understand that I must have access to a computer with unlimited internet access outside of school to complete the class work.
