Formulas for Central Administrator Pay

For relevant teaching and administrative experience beyond the minimum requirement, 0.6% per year is added to the minimum pay level. Administrative experience (beyond the minimum requirement) in WS/FCS is granted at year-for-year, while relevant administrative experience (beyond the minimum requirement) outside of WS/FCS is granted at one year for each two years of such experience (rounded up to the nearest full year).

To the calculated pay of all classifications below Chief Program Officers, \$126 per month is added for an Advanced Degree on their administrative license or \$252 per month is added for an earned Doctorate Degree in a field of study relevant to their job role or for NBPTS. No other incremental pay is added for education beyond the minimum amount required for the job.
