SUMMER ENRICHMENT OPPORTUNITIES

LOCAL/IN-STATE

NORTH CAROLINA A & T SUMMER ENRICHMENT CAMP

For: School aged students

Web-site: www.ncat.edu/academics/outreach/sumcp/  Phone: (336)334-7500

Overview: Explore a number of summer enrichment opportunities available through North Carolina Agricultural and Technical University. Many high school residential and non-residential programs are available through the departments, schools and colleges.

DUKE UNIVERSITY SUMMER YOUTH PROGRAMS

For: Grades 5-11, program varies

Web-site: www.learnmore.duke.edu/youth  Email: youth@duke.edu  Phone: (919)684-6259

Overview: Summer enrichment programs for academically motivated students. Designed to meet the needs of students who want to enrich their intellectual experiences beyond academic settings. All programs provide a supportive atmosphere of active learning under the guidance of professional educators, writers, and artists.

SUMMER ENGINEERING PROGRAMS FOR HIGH SCHOOL STUDENTS

For: Rising 9th – 12th graders

Web-site: www.engr.ncsu.edu/theengineeringplace/summerprograms/

Overview: The College of Engineering offers high school students two camp opportunities: a week long day camp for rising 9th and 10th graders and a week-long residential camp for rising 11th and 12 graders. The week long day-camp introduces students to a variety of engineering fields through fun, yet challenging, hands-on projects and investigations. Activities are all related to research happening on NC State’s campus. By the end of the week, students will have a deeper understanding of the field of engineering and related career opportunities. The residential camp provides the opportunity to experience engineering, science, and technology through a variety of workshops presented by different engineering departments on campus. We also have fun and engaging activities scheduled for each evening.

WAKE FOREST SUMMER IMMERSION PROGRAM

For: Rising 10th-12th graders

Web-site: go.wfu.edu/sip  Phone: (704)365-1921

Overview: The Wake Forest University Summer Immersion Program offers rising high school sophomores, juniors and seniors the chance to dive deep and explore a particular field of study. Those selected for the program will enjoy access to world-class faculty, resources, industry professionals and a one-of-a-kind view from inside a career field.

LENS@WAKE FOREST 2016 SUMMER PROGRAM

For: Rising 11th-12th graders

Web-site: lens.wfu.edu  Email: LENSadmissions@wfu.edu.  Phone: (336)758-2561

Overview: Spend three weeks this summer at Wake Forest University discovering how to change the way you learn, the way you think, and the way you lead. LENS participants are rising juniors and seniors who live on Wake Forest’s beautiful Reynolda Campus and examine some of the world’s most pressing challenges through inter-disciplinary lenses.

DAVIDSON COLLEGE/JULY EXPERIENCE

For: Rising 11th -12th graders

Web-site: www.davidson.edu/JulyExperience  Email: julyexp@davidson.edu  Phone: (704)894-2508

Overview: July Experience, which takes place July 3-23, 2016, is a powerful pre-college summer academic program for rising high school juniors and seniors who are highly motivated, academically oriented, and self-disciplined. It takes place on the campus of Davidson College, one of the nation’s very best liberal arts colleges.
BROYHILL LEADERSHIP CONFERENCE AT QUEENS UNIVERSITY

For: Rising 10th graders & above

Web-site: www.broyhill-leadership.org       Phone: (803)628-0000

Overview: For students who are interested in personal development and leadership training. The mission of the leadership conference is to provide opportunities, primarily through the Broyhill Leadership Conferences, for youth to become effective leaders who will strengthen our nation and build a better world tomorrow.

FURMAN UNIVERSITY SUMMER SCHOLARS

For: Rising 11th-12th graders

Web-site: www.furman.edu/summerscholars       Email: summer.scholars@furman.edu       Phone: (864)294-3231

Overview: If you want to do something really incredible with your summer, visit Furman, stay on campus, and be a part of Summer Scholars. Rising high school seniors and juniors participate in classes led by Furman professors and get a taste of college life. Any student applying for Summer Scholars must be a rising high school junior or senior with a 3.0 unweighted cumulative GPA or higher. To apply, you must attach a copy of your high school transcript as part of the application process, so please have a copy of your official (or unofficial) transcript ready when you begin the application. Registration for the 2016 Summer Scholars program opens January 15 online. Application deadline is May 1.

UNIVERSITY OF NORTH CAROLINA SCHOOL OF THE ARTS

For: High School Students

Web-site: www.uncsa.edu/summer       Email: Sharon Fogarty at fogartys@uncsa.edu       Phone: (336)734-2848

Overview: Welcome to the University of North Carolina School of the Arts, where summer is intense, exhilarating and all about the students. Whether your passion is dance, drama, filmmaking, music or visual arts, you’ll find all the hands-on experience, all the performance opportunities, and all the individual attention from professional artists you’ve dared to dream of.

THE SHELTON CHALLENGES

For: Rising 9th-12th graders

Web-site: www.ncsu.edu/sheltonleadership       Phone: (919)513-0148

Overview: The First-Year Shelton Challenge is a six-day summer experience for rising freshmen, sophomores, juniors, and seniors in high school. Shelton’s five cornerstones of values-based leadership — honesty, integrity, compassion, diversity and social responsibility — are the foundations of the camp. The First-Year Shelton Challenge seeks youth who are rising 9th through 12th graders with a 3.0 grade point average (unweighted) or higher. Students will get to experience residence hall living, eat meals at a campus dining hall, and use indoor and outdoor recreation facilities.

MARTHA GUY SUMMER INSTITUTE FOR FUTURE BUSINESS LEADERS (MGSI)

For: 11th graders

Web-site: marthaguy.appstate.edu/admission       Phone: Barbara Rule Michel at (828)262-2639

Overview: An incredible summer opportunity awaits current high school juniors on the campus of Appalachian State University. The Martha Guy Summer Institute for Future Business Leaders (MGSI) has a solid, 12-year history of inspiring students through exploration of the business world, and we are now accepting applications for our 13th cohort. Admission to MGSI is limited to current high school juniors who have a sincere interest in business as a college major. Applicants should be competitive students among their high school class. They will need to provide evidence of high school academic achievement, demonstrate involvement in school and/or community activities, as well as leadership potential. The program tries to select participants who have the potential to be accepted for admission at Appalachian State.

UNCSA – SUMMER HARP INTENSIVE

For: All grade levels

Contact Name: Natalie Parker, Director of Summer Music Programs

Overview: This new workshop is geared towards immersing players in all things "harp" for one week, with the goal of meeting and hearing other harpists. Included in this rich musical experience are private lessons, master classes, harp ensemble, performance practices and practice techniques. Taught by UNCSA faculty Jacquelyn Bartlett. Open to all levels of players, from the young to the young at heart!
NC STATE UNIVERSITY – SUMMER COLLEGE IN BIOTECHNOLOGY & LIFE SCIENCES For: Rising 11th-12th graders

Web-site: www.cals.ncsu.edu/scibls Email: summer_college@ncsu.edu Phone: (919) 515-2614

Overview: Summer College in Biotechnology (SCIBLS) is a four-week program offering outstanding high school students interested in science, technology, engineering, or mathematics an opportunity to earn letter-graded college credit in biotechnology and life sciences disciplines. SCIBLS Requirements

- High school rising juniors and seniors (current sophomore or junior)
- 3.5 GPA and counselor/principal recommendation
- Have an interest in biotechnology or science (or both)
- Applicants must complete the necessary prerequisite high school courses

THE VOLUNTEEN PROGRAM For: Ages 14-18

Web-site: www.wakehealth.edu/volunteer-services/summer-volunteer-program.htm Email: bsnov@wakehealth.edu Phone: (336)713-3519

Overview: The Volunteer Program is designed for students, ages 14-18. The program runs June 21-August 5, 2016. Volunteers must commit to volunteering two full days a week that are assigned and set throughout the summer from 8:45 a.m. - 4:00 p.m. Volunteers are required to complete 100 hours of service each summer, in order to complete the program successfully and in order to be eligible to return throughout the school year and/or the following summer.

OUT-OF-STATE

C-CATS, CLEMSON’S CHALLENGE FOR THE ACADEMICALLY TALENTED For: 9th-10th graders

Web-site: www.c-cats.org Email: talley@clemson.edu Phone: (864)878-1103

Overview: Clemson's Challenge for Academically Talented Students (C-CATS) recruits top 9th and 10th graders from SC, NC and GA to participate in high-powered weekend retreats at YLI Headquarters in Pickens, SC. Through team-building and academic sessions, students gain leadership skills, learn how to foster positive relationships and improve their ability to think clearly and perform under pressure. Campus tours are led by top Clemson students with a passion for sharing what makes Clemson the best public university in the nation!

CURIE ACADEMY For: Females 11th-12th graders

Web-site: www.engineering.cornell.edu/cuire Email: dpeng@cornell.edu Phone: (607)255-6403

Overview: The CURIE Academy is a one-week summer residential program for high school girls who excel in math and science. The focus is on juniors and seniors who may not have had prior opportunities to explore engineering, but want to learn more about the many opportunities in engineering in an interactive atmosphere.

CATALYST ACADEMY For: 11th-12th graders

Web-site: www.engineering.cornell.edu/catalyst Email: dpeng@cornell.edu Phone: (607)255-6403

Overview: The CATALYST Academy is a one-week summer residential program for rising high school juniors, and seniors. The mission of the CATALYST Academy is to advance diversity in engineering and its related disciplines. Therefore, applications from students from backgrounds (African American, Latino/a, or Native American) critically underrepresented in the fields of science, technology, engineering, and math are especially encouraged.
GEORGE WASHINGTON UNIVERSITY PRE-COLLEGE PROGRAM 2016
For: 9th-11th graders

Web-site: www.precollege.gwu.edu  Phone: (202)994-6360

Overview: High school students in the Pre-College Program benefit tremendously from GW's expertise in global development, international relations, public policy and administration, politics, diplomacy, history, biomedical engineering, museum studies and art.

BARNARD PRE-COLLEGE PROGRAMS
For: Females 10th-11th graders

Web-site: www.barnard.edu/summer

The Barnard Programs provide a wonderful opportunity for students to enjoy a pre-college experience while exploring New York City. Among the programs are Summer in the City and Liberal Arts Intensive, that allow students to choose from an array of subjects including writing, coding/web development, human rights, literature, are, theatre, film studies, psychology, architecture, religion, political science and more.

BOSTON UNIVERSITY HIGH SCHOOL PROGRAMS
For: 9th-11th graders

Web-site: www.buedu/summer/highschool  Email: summerhs@bu.edu  Phone: (617)353-1378

Overview: Boston University offers 4 summer opportunities for high school students. The High School Honors program for rising seniors is a 6-week program in which students take 2 BU undergrad courses, earning up to 8 transferable college credits. The Research Internship in Science & Engineering program for rising seniors is a 6-week program in which students work in a lab conducting scientific research under the guidance of a faculty mentor. The 2-week Summer Challenge program is for rising 10-12th graders who enroll in 2 non-credit seminars on various topics. The 1-week Summer Preview is a commuter program in which 9th or 10th grade students can delve into one subject and look ahead to the college experience.

WASHINGTON UNIVERSITY HIGH SCHOOL SCHOLARS PROGRAM
For: 10th-11th graders

Web-site: www.summerscholars.wustl.edu  Email: summerscholars.wustl.edu  Phone: (866)209-0691

Overview: This is a 5-week program designed to help students discover what real college courses are like, share classes with other college students, get a head start on adjusting to college life, and earn up to 7 units of college credit.

NYU PRE-COLLEGE SUMMER PROGRAM FOR HIGH SCHOOL STUDENTS
For: 11th-12th graders

Web-site: www.nyu.edu/precollege  Email: university.programs@nyu.edu  Phone: (212)998-4433

Overview: NYU Precollege offers rising high school juniors and seniors the opportunity to experience academic and student life at New York University. This academically rigorous program places high school students in six-week, intensive, college-level courses with current college students and allows them to gain academic credit, which may be applied to a future degree.

STANFORD PRE-COLLEGIATE STUDIES
For: 9th-12th graders

Web-site: www.summerinstitutes.stanford.edu/  Email: summerinstitutes@stanford.edu  Phone: (800)372-3749 option 3

Overview: Stanford Pre-Collegiate Summer Institutes provide high school students with a unique residential academic experience where students who share talents and interests live and learn together on the Stanford campus. The Summer Institutes invite students from around the world to discover, study, and explore in small classes with instructors who are passionate about teaching and experts in their fields. The program emphasizes building skills along with acquiring knowledge, and is designed to create environments that foster creativity and collaboration where students learn from each other as well as from their instructors.
THE CARLETON LIBERAL ARTS EXPERIENCE

For: Rising 11th graders

Web-site: www.go.carleton.edu/clae  Email: summer@carleton.edu  Phone: (866)767-2275

Overview: The Carleton Liberal Arts Experience is designed to introduce the benefits of a liberal arts education to students who have just completed their sophomore year of high school. This highly selective, weeklong program allows students to take classes from Carleton professors, live on campus, and learn what it takes to be a successful college-bound student. Students who are of African American descent or students who have an interest in African American culture.

PRE-COLLEGIATE SUMMER PROGRAM IN EARLY AMERICAN HISTORY

For: 11th-12th graders

Web-site: www.wm.edu/niahd  Phone: (757)221-7652

Overview: For three weeks this summer, students from all sections of the country will relentlessly pursue the intertwined, often tempestuous stories of Native Americans, Europeans, Africans, and their descendants by visiting the places where they lived, observing the things they touched, and by immersing themselves in the saga of early American life as told by historians, archaeologists, and museum professionals. Download all of the forms from the web.

SCAD 2016 SUMMER PROGRAMS

For: 10th-11th graders

Web-site: www.scad.edu/summer

Overview: Savannah College of Art and Design is offering two summer programs for high school students. The Rising Star program is a 5-week residential program in Savannah for advanced students who are rising seniors. A minimum 3.0 GPA and a portfolio of 10-20 pieces are required. The Summer Seminars are one-week residential programs in Atlanta and Savannah designed for rising 10th, 11th and 12th graders. Please visit their website for further information regarding the programs and associated costs.

INTERNATIONAL

OXBRIDGE ACADEMIC

For: 9th-12th graders

Web-site: www.oxbridgeprograms.com  Email: info@oxbridgeprograms.com  Phone: (800)828-8349 or (212)932-3049

Overview: Oxbridge Academic Programs has been welcoming intellectually adventurous high school and junior high school students to Summer Study Programs in Europe and the US for over 30 years. Students from over 80 countries are housed and educated in great and historic centers of learning that are Oxford and Cambridge in England, St. Andrews in Scotland, Barcelona and Salamanca in Spain, Paris and Montpellier in France, and New York City and Los Angeles in the United States while exploring new cultural surroundings.

BROADREACH

For: 9th-12th graders

Web-site: www.gobroadreach.com  Email: discover@gobroadreach.com  Phone: (919)256-8200

Overview: Join a small group of teens your age and set off to places like Costa Rica, Peru, the Caribbean or even Fiji. Broadreachers venture to every corner of the planet to sail and scuba dive, study sharks, master languages, preserve fragile ecosystems and help local communities thrive. To learn more about our college-accredited summer adventures for teens or custom programs available through our school partnerships, please contact us.
