Section 30.1 The Sun (continued)

Main Idea

Solar Activity
Use with page 808.

Details
Sequence the solar activity cycle by completing the flow chart.

1. The Sun's magnetic field reverses in polarity.

2.

3.

4. The magnetic field returns to its original polarity.

The Solar Interior
Use with page 811.

Analyze Figure 30-7 in your text. Make your own sketch of a cross section of the Sun. Label the following in your sketch:

- the core
- the radioactive zone
- the convective zone
- radiation
- convection
