

The Downtown School Food Bundles Program

Providing supplemental food for students on weekends and school breaks.

The Downtown School will continue to address food insecurity in order to meet the nutritional needs of its students.

The Downtown School is delighted to offer **Food Bundles** with nutritional items for breakfast, lunch and dinner for weekends and school breaks, that can be sent home with students one day each week. If these Food Bundles could benefit your child/children, please complete the bottom portion of this form and return it to Mary Beth Edens, School Counselor. You can also contact her at 336-703-4125 or medens@wsfcs.k12.nc.us. Please contact her with any questions/concerns or to learn more about our new Food Bundles program.

Our Food Bundles are supported by The Downtown School families and are not associated with any outside agencies. We will be able to send the Food Bundles home with your student on Fridays, or parents can stop by and pick them up. We look forward to working together as a Downtown School community to support each other.

I would like my child/children to be part of the Food Bundles Program

Parent/Guardian Name _____

Phone # _____ email address _____

child's or children's names/teacher/grade
