

Foreign Language 8th Grade Writing Assessment Practice

Student Directions for Online Assessment

- Visit <http://wsfcs.mrooms.net/> (It should work in any **updated** browser – Google Chrome is recommended for best results)
- Students type their **student number** and **wsfcs** for their password in the upper right area pictured here and click “login”.
 - Student username is their student number (lunch number)
 - Student password is “wsfcs” for ALL students
- On the Welcome screen, **scroll down** and **click** on “Student Courses”. On the next screen, **click** on “**2015 Foreign Language 8th Grade Practice**”.
- **SCROLL DOWN (don’t click on a teacher name)** and enter the appropriate enrollment key assigned and click “Enroll me in this Course”. (Teacher will give out the key.)
- Open/read the link within the Instructions section: “Writing Assessment Directions”
- Click on the course short name FLPRACTICE in the navigation bar to return to main course window.
- Click on the link entitled “Practice Writing Assignment”. This is where the actual assignment will be completed and submitted. To begin writing, click “Edit my Submission”. **To edit the text, use the edit menu options at the top. To insert special characters, use the special characters icon (the Omega symbol or upside-down horseshoe). Simply click on the character needed and it will automatically insert where your cursor is located. The spell check button will appear, but it will not function.*
- Once the assessment is complete and ready to be submitted, students should click “Save Changes” at the bottom.
- Click on the course short name FLPRACTICE in the navigation bar to return to main course window.
- To make changes, click to open the “Practice Writing” link again, and click “Edit my submission” to go back into the student’s work. Be sure to save again.
- Click on the course short name FLPRACTICE in the navigation bar to return to main course window.
- Log out (upper, right-hand corner)

Quick Note to Teachers: Occasionally, a web page of “code” may appear while teachers/students are working in Moodle. If a student has already saved his/her work, ignore the code, close the browser window and login again. If a student is simply reading something and the code appears, hit the back button. The appearance of the code is nothing to be alarmed about and may not even appear.
