

## 2013-14 Goals and Priorities

### Correlated to the Strategic Plan

- 1.1 Increase the percentage of students who demonstrate reading proficiency.
- 1.4 Increase the percentage of students who graduate within (4-5) years to 90% by 2018.
- 1.5 Reduce our identified achievement gaps.
- 2.1 Increase and support the number of teachers and staff who are effective instructional leaders.
- 2.2 Increase and support the number of principals and assistant principals who are effective instructional leaders.
- 3.1 Increase support for technology in our schools.
- 3.2 Provide safe facilities for students, teachers, staff and administrators.
- 3.3 Increase effective communication.

### Other Priorities Identified through Stakeholders

- A. Examine resources, programs, funding, inventories and technology in our schools to assess possible inequities and address them. Use all available data sources.
- B. Champion and organize community support and appreciation for our Teachers (Retain High Quality Staff).
- C. Evaluate district initiatives for effectiveness and impact on student achievement. Determine which initiatives can be discontinued.
- D. Determine organizational changes at the district level which could improve/strengthen our effectiveness.
