

Kernersville Elementary School

Date: August 2, 2012

To: Kernersville Elementary Families

Subject: Positive Behavior Intervention and Support Program (PBIS)

Kernersville Elementary School, in conjunction with the Winston-Salem/Forsyth County Schools, is implementing a new school-wide initiative titled Positive Behavior Intervention and Support. The goal of this initiative is to:

- 1. promote high student achievement;**
- 2. enhance student teacher relations; and,**
- 3. reduce behavior problems.**

The methods for achieving these goals will involve positive reinforcements that create an environment in which the student can learn responsible behavior and achieve academic success.

It is the vision of the Department of Public Instruction that all schools in North Carolina will implement PBIS as an effective and proactive process to improve both student academic achievement and social competence. Research shows that schools that have implemented PBIS are safer and their learning environment more productive and enjoyable for both students and teachers.

We are asking local businesses and our parents to support the PBIS initiative at Kernersville School by providing donations/gifts which will be used as incentives and positive reinforcement for students. It is an excellent opportunity for our school, its parents and the community to work together to help our students be successful and achieve their full potential. We hope you will join us in this effort. Below is a suggested list of donations, materials, time or other ways which you may wish to consider.

Thanks for supporting our school!

_____ Donate items listed on reverse side of this sheet

_____ Donate \$ for PBIS team to purchase items for positive reinforcement incentives

Parent Name: _____ Phone: _____

Student Name: _____ Teacher: _____
