Directions for Use:

- This packet includes six pages of letter-sound matching cut and paste activity sheets. All letters of the alphabet are represented here. I use them as review activities. After we finish an ELA unit, I hand this out as one of the review activities. Both uppercase and lowercase letters are represented. It does not matter which box the uppercase goes in.

- For the letter ‘x’ I tell the students to listen for the end sound. It is a good idea to go over all pictures before the children begin.

- All programs and schools are different. Not everyone teaches the same letters in the same order. I have included a blank, editable template for those who want to customize it.

Hope you enjoy!
