Introduction

About this book:

This book contains a set of pre-primer sight words cards for a matching game for use with children in Preschool and Kindergarten (Prep).

Directions for use:

Print 2 copies of each word and label page (label page is optional) using the duplex printing option on your printer. Laminate the pages for durability and then cut along the dashed lines to separate the cards.

Directions for game play:

Begin with the cards face-side down. Players take turns flipping over 2 cards at a time. If a match is made and the words are read correctly, the player gets to keep the cards and has another turn. If not, the cards are returned to the playing area, face-side down, and the next player has his turn. Game play continues until all the cards have been matched. The player with the most cards at the end of the game is the winner.

Happy Teaching :)
