

Seniors for Water resources!

Exciting Announcement!

Welcome students!! We are thrilled to announce our upcoming after-school Wastewater 1 class, designed exclusively for 12th-grade students eager to explore the world of water quality!   Get ready for a unique and impactful class as we gear up to make a difference in our community!  

Class Schedule during ELP:

- Tuesdays: 4:00 PM - 5:00 PM
- Saturdays: 9:00 AM - 12:00 PM
- Duration: February 17th to May 11th

What to Expect: **Course Highlights:**

- Discover the world of wastewater treatment.
- Learn about contaminants in water and different methods to remove them.
- Explore water quality testing and treatment processes.
- Understand the vital role of wastewater treatment in public health and the environment.

Career Opportunities Await! Finishing this class overly prepares you for the state exam that opens doors to employment possibilities in wastewater treatment:

-  Starting salaries up to \$40k/year
-  Full benefits package
-  Retirement plans

Don't miss this chance to gain valuable skills and knowledge while making a positive impact on our environment!   See you there!
