

Late Afternoon Meal Pick-up

AFTER OUR NORMAL 11AM-1PM SERVICE TIME

We want to make meals accessible and available to as many of our WS/FCS students as possible. Currently we have 39 open meal sites and 136 mobile delivery locations. We discovered that some families find it difficult to get to one of our sites or stops during the day. In an effort to ensure we are offering service that meet the needs of families, we are adding a late afternoon pick up at 8 locations in the district.

We are excited to add a new pick up time Thursday, September 3. Families can choose which works best, 11am - 1pm or 4:30pm - 6:30pm.
