

I have chosen Conner Miller for the Spotlight Student of the Week! Many of you may know that Connor is a quiet person, but what you may not know is that inside of him, there is a very hard-working Cool Cat! He consistently exhibits Lewisville Elementary School's RIRs. Conner is always very **respectful** to me, other teachers and staff members and other classmates. His manners are wonderful, and he is a good example to others in that regard. Conner is great at being **independent**. He knows what he needs to do, and he takes it upon himself to accomplish his tasks, with or without my supervision. What I think Conner does best is being **responsible**. He takes his work very seriously and puts a great deal of effort into all he does. He makes sure to complete assignments and get them turned in, and his awesome grades reflect that. By practicing his RIRs on a daily basis, Conner is going to be very well-prepared for middle school, high school and beyond. I am very proud of his efforts, and I hope he is, too!
