

C. Prior Approval by a school administrator is required for use of ALL Videos/DVDs not included in a school's media collection, listed in the curriculum guide or listed on the approved list of supplementary materials for a class or course. The teacher must submit a written or email request for administrative approval for use of a video or DVD at the beginning of an instructional unit or at least three workdays before its use. If the administrator does not respond to the request within two days, the teacher may assume that the use of the video has been approved. A standard form has been created for this purpose.

D. All Videos and DVDs must supplement the NC Standard Course of Study and be selected in accordance with the standards set forth in [P6161.3](#).
