Athletic Eligibility, Academics: A student must meet the NCHSAA academic standards and earn a 2.0 Quality Point Average (QPA) the previous academic quarter (9 weeks) grading period. A student whose semester QPA is 2.0 or greater but whose 2nd or 4th quarter QPA is below 2.0 will be eligible for athletics if the student agrees to participate and attends the Academic Support Program (ASP) at the student's school during the following academic quarter. A student whose 2nd or 4th quarter QPA is 2.0 but whose semester QPA is below a 2.0 will be eligible for athletics if the student agrees to participate and attends ASP during the following academic quarter. Because Summer School grades are pass/fail, they will not affect a student's QPA. See Policy 6145 for Information on Hardship Waivers.

Athletic Eligibility, Attendance: A student who is absent more than ten (10) school days in a semester shall be ineligible for participation in any interscholastic athletics during the next semester unless granted a hardship waiver. See Policy 6145 for information on Hardship Waivers.

Athletic Eligibility, Change of Residence or Special Transfer: A student who changes his/her domicile to or within Forsyth County, as defined by the NCHSAA, or is granted a special transfer, during a sports season shall be ineligible for interscholastic athletics at the new school in the same sport for the remainder of that sport's season. If a student or a student's parent(s) believe that the application of this rule will create an undue hardship, they may request a waiver for a good and just cause in accordance with the athletic eligibility review procedures in Policy 6145.

Risk of Injury: We acknowledge and understand that there is a risk of injury involved in athletic participation. We understand that the student-athlete will be under the supervision of a W-S/FCS athletic coach. We agree to follow the rules of the sport and the instructions of the coach in order to reduce the risk of injury to the student and other athletes. However, we acknowledge and understand that neither the coach nor the W-S/FCS can eliminate the risk of injury in sports. Injuries may and do occur. Sports injuries can be severe and in some cases may result in permanent disability or even death. We freely, knowingly, and willfully accept and assume the risk of injury that might occur from participation in athletics.

Release: In consideration of the W-S/FCS allowing the student-athlete to participate in athletics, we agree to release and hold the W-S/FCS, its athletic coaches, and other employees free, harmless and indemnified from and against any and all claims, suits or causes of action arising from or out of any injury the student-athlete may suffer from participation in athletics other than an injury resulting from gross or willful negligence.

NORTH CAROLINA HIGH SCHOOL ATHLETIC ASSOCIATION SPORT PREPARTICIPATION EXAMINATION FORM

Patient's Name: _____ Age: _____ Sex: _____

This is a screening examination for participation in sports. This does not substitute for a comprehensive examination with your child's regular physician where important preventive health information can be covered.

Athlete's Directions: Please review all questions with your parent or legal custodian and answer them to the best of your knowledge.

Parent's Directions: Please assure that all questions are answered to the best of your knowledge. If you do not understand or don't know the answer to a question please ask your doctor. Not disclosing accurate information may put your child at risk during sports activity.

Physician's Directions: We recommend carefully reviewing these questions and clarifying any positive or Don't Know answers.

CONCUSSION

INFORMATION FOR *STUDENT-ATHLETES & PARENTS/LEGAL CUSTODIANS*

What is a concussion? A concussion is an injury to the brain caused by a direct or indirect blow to the head. It results in your brain not working as it should. It may or may not cause you to black out or pass out. It can happen to you from a fall, a hit to the head, or a hit to the body that causes your head and your brain to move quickly back and forth.

How do I know if I have a concussion? There are many signs and symptoms that you may have following a concussion. A concussion can affect your thinking, the way your body feels, your mood, or your sleep. Here is what to look for:

Thinking/Remembering	Physical	Emotional/Mood	Sleep
Difficulty thinking clearly	Headache	Irritability-things bother you more easily	Sleeping more than usual
Taking longer to figure things out	Fuzzy or blurry vision	Sadness	Sleeping less than usual
Difficulty concentrating	Feeling sick to your stomach/queasy	Being more moody	Trouble falling asleep
Difficulty remembering new information	Vomiting/throwing up	Feeling nervous or worried	Feeling tired
	Dizziness	Crying more	
	Balance problems		
	Sensitivity to noise or light		

Table is adapted from the Centers for Disease Control and Prevention (<http://www.cdc.gov/concussion/>)

What should I do if I think I have a concussion? If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the help you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

When should I be particularly concerned? If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, or your words are coming out funny/slurred, you should let an adult like your parent or coach or teacher know right away, so they can get you the help you need before things get any worse.

What are some of the problems that may affect me after a concussion? You may have trouble in some of your classes at school or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur. Once you have a concussion, you are more likely to have another concussion.

How do I know when it's ok to return to physical activity and my sport after a concussion? After telling your coach, your parents, and any medical personnel around that you think you have a concussion, you will probably be seen by a doctor trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

You should not have any symptoms, either or during/after activity, when you return to play, as this is a sign your brain has not recovered from the injury.

This information is provided to you by the UNC Matthew Gfeller Sport-Related TBI Research Center, North Carolina Medical Society, North Carolina Athletic Trainers' Association, Brain Injury Association of North Carolina, North Carolina Neuropsychological Society, and North Carolina High School Athletic Association.

Student-Athlete & Parent/Legal Custodian Concussion Statement

**If there is anything on this sheet that you do not understand, please ask an adult to explain or read it to you.*

Student-Athlete Name: _____

This form must be completed for each student-athlete, even if there are multiple student-athletes in each household.

Parent/Legal Custodian Name(s): _____

- We have read the *Student-Athlete & Parent/Legal Custodian Concussion Information Sheet*.
If true, please check box.

After reading the information sheet, I am aware of the following information:

Student-Athlete Initials		Parent/Legal Custodian Initials
	A concussion is a brain injury, which should be reported to my parents, my coach(es), or a medical professional if one is available.	
	A concussion can affect the ability to perform everyday activities such as the ability to think, balance, and classroom performance.	
	A concussion cannot be "seen." Some symptoms might be present right away. Other symptoms can show up hours or days after an injury.	
	I will tell my parents, my coach, and/or a medical professional about my injuries and illnesses.	N/A
	If I think a teammate has a concussion, I should tell my coach(es), parents, or medical professional about the concussion.	N/A
	I will not return to play in a game or practice if a hit to my head or body causes any concussion-related symptoms.	N/A
	I will/my child will need written permission from a medical professional trained in concussion management to return to play or practice after a concussion.	
	Based on the latest data, most concussions take days or weeks to get better. A concussion may not go away right away. I realize that resolution from this injury is a process and may require more than one medical evaluation.	
	I realize that ER/Urgent Care physicians will not provide clearance if seen right away after the injury.	
	After a concussion, the brain needs time to heal. I understand that I am/my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away.	
	Sometimes, repeat concussions can cause serious and long-lasting problems.	
	I have read the concussion symptoms on the Concussion Information Sheet.

Code of Sportsmanship: We recognize interscholastic athletic events should be conducted in such a manner ensuring good sportsmanship prevails at all times. Every effort should be made to promote a climate of wholesome competition. Every effort should be made to promote a climate of wholesome competition. Unsportsmanlike acts will not be tolerated. A student shall be under the coach's supervision and control at all times the student is participating in an athletic event. In the event a student is ejected from an athletic contest, the W-S/FCS and its schools will adhere to any and all penalties listed in the North Carolina High School Athletic Association Handbook and the W-S/FCS AR6145.2 Section V Sportsmanship/Ejection Regulations.

Protect Your Eligibility; Know the Rules: To represent your school in athletics, YOU:

1. Must be a properly enrolled student at the time you participate, must be enrolled no later than the 15th day of the present semester, and must be in regular attendance at that school.
2. Must not be absent more than ten (10) school days in a semester to be eligible for participation in interscholastic athletic activities during the next semester.
3. Must have not exceeded eight (8) consecutive semesters of attendance or have participated more than four (4) seasons in any sport since first entering 9th grade.
4. Must be under 19 years of age on or before August 31st.
5. Must live with your parents or legal custodian within the school administrative unit (exceptions must be approved by your principal and the NCHSAA). A student is eligible if he has attended school within that unit the previous two (2) semesters (if eligible in all other respects).
6. Must be present for a minimum of fifty (50) % of the student day on the day of an athletic contest in order to participate in the event.
7. Must have passed 6 out of 8 classes during the previous semester and earned a 2.0 QPA during the previous 9-week grading period.
8. Must have received and cleared a medical examination by a licensed physician (or physician's assistant) with the past 365 days. If you miss five (5) or more days of practice due to illness or injury, you must receive a medical release before practicing or playing.
9. Must not accept prizes, merchandise, money, or anything that can be exchanged for money as a result of athletic participation. This includes being on a free list or loan list for equipment, etc.
10. Must not have signed a professional contract, have played on a jr. college team or be enrolled and attending a class in college.
11. Must not participate in unsanctioned all-star or bowl games.
12. May not receive instructions from your school's coaching staff during the school year outside your sports season (from first practice thorough final games). Instruction is limited to coach and one or multiple participants in small group settings.
13. May not, as an individual or a team, practice or play during the school day (from first practice through conference tournament). Exceptions: Golf and tennis players may play during the school day with prior permission from the Superintendent.
14. May not play, practice, or assemble as a team with your coach on Sunday.
15. May not dress for a contest, sit on bench, or practice if you are not eligible to participate.
16. Must not play more than three (3) games in one sport per week (exceptions: basketball, baseball, softball and volleyball); and not more than one (1) contest per day in the same sport (exceptions: baseball, softball and volleyball).
17. May attend only those summer camps to which you or your parents pay the fees.
18. Must submit to random drug testing
19. Must not have been convicted of a crime classified as a felony under North Carolina or federal law or have been adjudicated delinquent for an offense that would be a felony if committed by an adult.

Medical Authorization: By signing below, I (the student athlete's parent or legal custodian), give consent for the student to receive a medical screening and examination prior to participation in athletics. If the student athlete is injured while participating in athletics and the W-S/FCS is unable to contact me, I grant the W-S/FCS permission and authority to obtain the necessary medical care and treatment for the student athlete, including but not limited to: first aid, medical treatment or surgical treatment recommended by a physician; and medical treatment recommended by the W-S/FCS authorized athletic trainer. I further accept financial responsibility for such medical care or treatment on behalf of myself and my spouse.

Alcohol/Drugs: To be eligible to participate in athletics, the student with the consent of his/her parents must agree in writing to submit to random alcohol and drug testing. The student shall be tested for alcohol, marijuana, cocaine, amphetamines and any other controlled substances the Superintendent deems appropriate. Information about the alcohol/drug testing policy, program and procedures is provided in a separate brochure which all athletes and their parents are expected to read.

Consequences of a positive test: (The student shall not be suspended from school as a result of a positive test.)

FIRST OFFENSE: In the event a student fails or refuses to participate in the alcohol/drug test when selected at random, or tests positive for alcohol or drugs, the student shall be ineligible to participate in athletics for 365 days. However, if the student agrees to be assessed and to enroll in and successfully complete an alcohol and/or drug abuse education and/or intervention program, the student shall regain eligibility to participate in athletics immediately.

SECOND OFFENSE: In the event a student tests positive a second time or fails or refuses to participate in the second alcohol/drug test when selected at random, the student shall be ineligible to participate in athletics for 365 days.

Possession, Use, Sale or Distribution: If an athlete possesses or is under the influence (to any degree) of alcohol or illegal drugs at school or any school activity, or if a student sells or distributes alcohol or a controlled substance, the athlete shall be ineligible for athletics for a minimum of thirty (30) school days in addition to being subject to suspension or expulsion from school as provided in Policy 5131.6 and AR 5131, Guidelines for Student Discipline.

By signing the form below, I, the student and I, the student's parent/legal custodian, acknowledge that we have read the information provided to us by W-S/FCS explaining the W-S/FCS Policy and procedures for random alcohol and drug testing. I, the student, agree to participate in random alcohol/drug testing and I authorize W-S/FCS, its agents or employees to release the results of my alcohol/drug test to me, my parent/legal custodian and school officials. I, the student's parent/legal custodian, give my child consent to participate in W-S/FCS's random alcohol/drug testing program.

NCHSAA REGULATIONS STUDENT ATHLETE PLEDGE: As a student athlete, I am a role model. Using inappropriate language; taunting; baiting; or the use of unwarranted physical contact directed at opposing players, coaches, and fans are contrary to the spirit of fair play and the good sportsmanship that my school, my conference, and the NCHSAA expects of its members. I accept my responsibility to model good sportsmanship that comes with being a student athlete.

PARENT PLEDGE: As a parent, I am a role model. I will remember that school athletics are an extension of the classroom, offering learning experiences for the students. I will show respect for the opposing players, coaches, spectators and support groups. I will participate in cheers supporting and uplifting the teams involved. Using inappropriate language and taunting are contrary to the spirit of fair play and the good sportsmanship that our school, our conference and the NCHSAA expects of its members. I accept my responsibility to model good sportsmanship that comes with being the parent of a student athlete.

I certify that the home address as parents shown in this document is my sole bona fide residence and I will notify the school principal immediately of any change in residence, since such a move may alter the eligibility status of my student-athlete. I further acknowledge I must not falsify any official eligibility information relating to my residence, and acknowledge that doing so may result in a loss of eligibility for 365 days.

NCHSAA SPORTSMANSHIP/EJECTION POLICY

We, the student and the parent/legal custodian, acknowledge we have read and understand the NCHSAA and the W-S/FCS Sportsmanship/Ejection Policy. We understand that the following types of behavior will result in an ejection from an athletic contest: fighting, flagrant contact, taunting or baiting, profanity directed toward an official or an opponent, obscene gestures, disrespectfully addressing or contacting an official. See NCHSAA Sportsmanship/Ejection Policy and W-S/FCS Administration Regulation 6145.2.

General Requirements: We, the student and parent/legal custodian, have read and discussed the general requirements for high school athletic eligibility. We understand any additional questions or specific circumstances should be directed to my student's coach, athletic director or principal. We certify that all information provided on this form is accurate and current.

I, the undersigned student and parent/legal custodian, have read this document and understand all of the expectations for athletic participation at my high school. **MUST BE SIGNED BELOW**

2015-2016 North Carolina High School Athletic Association Eligibility and Authorization Statement

This document is to be signed by the participant of an NCHSAA member school and by the participant's parent.

I have read, understand and acknowledge receipt of the eligibility rules of the North Carolina High School Athletic Association. I understand that a copy of the *NCHSAA Handbook* is on file with the principal and athletic administrator and that I may review it, in its entirety, if I so choose. All NCHSAA bylaws and regulations from the *Handbook* are also posted on the NCHSAA web site at www.nchsaa.org

I understand that an NCHSAA member school must **adhere to all rules and regulations** that pertain to the interscholastic athletics programs that the school sponsors, but that local rules may be more stringent than NCHSAA rules.

I understand that participation in interscholastic athletics is a **privilege not a right**.

Student Code of Responsibility

As a student athlete, I **understand and accept** the following responsibilities:

I will **respect the rights and beliefs** of others and will treat others with courtesy and consideration.

I will be **fully responsible** for my own actions and the consequences of my actions.

I will **respect the property** of others.

I will **respect and obey the rules** of my school and laws of my community, state and country.

I will **show respect to those who are responsible for enforcing the rules** of my school and the laws of my community, state and country.

I **understand that a student whose character or conduct violates** the school's Athletic Code or School Code of Responsibility could be deemed ineligible for a period of time as determined by the principal or school system Administration

I **understand that if I drop a class**, take course work through Post Secondary Enrollment Option, or other educational options, this action could affect compliance with NCHSAA academic standards and my eligibility.

Informed Consent – By its nature, participation in interscholastic athletics includes risk of injury and transmission of infectious disease such as HIV and Hepatitis B. Although serious injuries are not common and the risk of HIV transmission is almost nonexistent in supervised school athletic programs, it is impossible to eliminate all risk. Participants have a responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily. **PARENTS, LEGAL CUSTODIAN'S OR STUDENTS WHO MAY NOT WISH TO ACCEPT RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM. STUDENTS MAY NOT PARTICIPATE IN AN NCHSAA-SPONSORED SPORT WITHOUT THE STUDENT'S AND PARENT'S/GUARDIAN'S SIGNATURE.**

I understand that in the case of **injury or illness requiring treatment by medical personnel and transportation to a health care facility**, that a reasonable attempt will be made to contact the parent/legal custodian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be treated and transported via ambulance to the nearest hospital.

I **consent to medical treatment** for the student following an injury or illness suffered during practice and/or a contest.

I **understand all concussions are potentially serious** and may result in complications including prolonged brain damage and death if not recognized and managed properly. Further I understand that if my student is removed from a practice or competition due to a suspected concussion, he or she will be unable to return to participation that day. After that day, written authorization from a physician (M.D. or D.O.) or an athletic trainer working under the supervision of a physician will be required in order for the student to return to participation.

I have received, read and signed the Gfeller-Waller Concussion Information Sheet.

I **consent to the NCHSAA use of the herein named student's name**, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics.

By signing this document, we acknowledge that we have read the above information and that we consent to the herein named student's participation.

Parental Permission

(To be completed by the parent or guardian)

I have read and reviewed the general requirements for high school athletic eligibility and I have discussed these requirements with my student-athlete. I understand that additional questions or specific circumstances should be directed to my student's principal, athletic director, or coach.

I certify that the home address as parents shown below is my sole bona fide residence and I will notify the school principal immediately of any change in residence, since such a move may alter the eligibility status of my student-athlete. All other information contained on this form is accurate and current.

I also acknowledge that there is a certain risk of injury involved with athletic participation; even with the best coaching, use of the most advanced protective equipment, and strict observance of the rules, injuries are still a possibility and on rare occasions these can be so severe as to result in total disability, paralysis, or even death. It is impossible to eliminate this risk.

In accordance with the rules of the NCHSAA, I hereby give my consent for the participation of my student-athlete named below for the following activities circled below:

Baseball	Golf	Swimming	Field Hockey
Basketball	Indoor Track	Tennis	
Cross Country	Outdoor Track	Volleyball

WINSTON SALEM/FORYTH COUNTY SCHOOLS'

SAFETY LIST FOR FOOTBALL PLAYERS

Football is a contact sport and injuries will occur. The coaches working in our program are well qualified, professional people. Fundamentals related to playing football will continually and repeatedly be emphasized on and off the field. The information contained within this list of rules and procedures is to inform the young men in our football program of the proper techniques to practice for maximum safety in the contact phase of the game.

Tackling, Blocking and Running the Ball

By the rule, the helmet is not to be used as a "ram." Initial contact is not to be made with the helmet. It is not possible to play the game safely or correctly without making contact with the helmet when properly blocking and tackling an opponent. Therefore, technique is most important to prevent injuries.

Tackling and blocking techniques are basically the same. Contact is to be made above the waist but not initially with the helmet. The player should always be in a position of balance, knees bent, back straight, body slightly bent forward, HEAD UP, target area as near to the body as possible with the main contact being made with the shoulder.

Blocking and tackling by not putting the helmet as close to the body as possible could result in shoulder injury such as a separation or a pinched nerve in the neck area. The dangers of not following the proper techniques can be from minor to disabling to even death. The reason for following the safety rules in making contact with the upper body and helmet is that improper body alignment can put the spinal column in a vulnerable position for injury.

If the head is bent downward, the cervical (neck) vertebrae are in a bind and contact on the TOP OF THE HELMET could result in a dislocation, nerve damage, paralysis, or even death. If the back is not straight, the thoracic (mid back) and lumbar vertebra are also vulnerable to injury with similar results if contact again is made to the TOP OF THE HELMET. Each daily workout includes isometric-type exercises; the development of strength in the neck muscles is one of the best methods of preventing head injury and enabling an individual to hold his head up even after getting tired during a workout or contest.

Basic Hitting (Contact) Position and Fundamental Technique

If the knees are not bent, the chance of knee injury is greatly increased. Fundamentally a player should be in the proper hitting position at all times during live ball play and this point will be repeated continually during practice. The danger is anything from strained muscles to ankle injuries to serious knee injuries requiring surgery. The rules have made blocking below the waist (outside a two-yard by four-yard area next to the football) illegal. Cleats have been restricted to no more than 1/2 inch to further help in preventing knee injuries. A runner with the ball, however, may be tackled around the legs.

In tackling, the rules prohibit initial contact with the helmet or grabbing the facemask or edge of the helmet. These restrictions were placed in the rules because of serious injuries resulting from non-compliance to these safety precautions. Initial helmet contact could result in a bruise, dislocation, broken bone, head injury, internal injury, such as kidneys, spleen, bladder, etc. Grabbing the face mask or helmet edge could result in a neck injury, which could be anything from a muscle strain to a dislocation, nerve injury, spinal column damage causing paralysis or death.

The illegal play by participating athletes will not be tolerated and all players are repeatedly reminded of the dangers of unsportsmanlike acts.

Fitting and Use of Equipment

Shoulder pads, helmets, hip pads, pants including thigh pads and kneepads must have proper fitting and use.

Shoulder pads which are too small will leave the shoulder point vulnerable to bruises or separations; it could also be too tight in the neck area resulting in a possible pinched nerve. Shoulder pads which are too large will leave the neck area poorly protected and will slide on the shoulders making them vulnerable to bruises or separations.

Helmets must fit snugly at the contact points: front, back and top of head. The helmet must be safety "NOCSAE" branded, the chinstraps must be fastened, and the cheek pads must be of the proper thickness. On contact, too tight a helmet could result in a headache. Too loose a fit could result in headaches, a concussion, a face injury such as a broken nose or cheek bone, a blow to the back of the neck causing a neck injury, possibly quite serious such as paralysis or even death.

The report does not cover all potential injury possibilities in playing football, but is an attempt to make the players aware that fundamentals, coaching and proper fitting equipment is important to their safety and enjoyment in playing football in the Winston Salem/Forsyth County Schools.

The above information has been explained to me and I understand the list of rules and procedures. I also understand the necessity of using the proper techniques while participating in the football program.
