Spirit Nights:

Chick Fil A- close to \$500!

Chipotle spirit night on 11/17 at the new Chipotle on University

SVP suggests a Chilly Philly spirit night.

Outdoor seating area:

Our outdoor space has 3 nice metal tables, 1 broken metal table, and 1 wooden picnic table.

We'd love to buy metal tables, but they are \$1000 a piece.

Currently we have \$1200. Let's get wooden tables and encourage teachers to use the carpet squares. Pam is looking into different shade options.

Cafeteria help:

We have enjoyed supporting Daniela & her crew in the cafeteria. Really fun way to get to know the kids and teachers outside of our own kids' worlds.

Pam would like to be done October 8.

We would love to bring composting back but we don't feel it's feasible right now between lack of volunteer availability and short lunches because of Covid protocol.

School Store:

It's open again. We made \$340 on the last sale in August.

Decals instead of magnets because of a shortage of magnets. Pam ordered 1000 to sell at \$3 a piece.

Fall Fest:

Curbed. Spring Fling would not interfere with an international night. Pam is hopeful for an in-person, outdoor event.

Greenhouse:

Jess Francis is trying to get in touch with Mrs. Smith.

Dewey's:

We sell for \$10; we make \$5 per item. Lindsay hasn't thought through the logistics yet but would like to do it.

Covid worries:

Teachers have approached us with worry about the lack of transparency and consistency. What can we do? Discussion about handouts that other schools have used. Twin City Peds has a good one.
