

P.O. Box 2513 ▪ Winston-Salem, NC 27102-2513

9/4/18

Dear Parents,

We take the security of our schools and the protection of your child very seriously. Unfortunately, school violence is a national problem. We continue to work every day to make sure we are updating and implementing security measures that increase school security districtwide.

As we work to implement best practices, professionals recommend limiting school access points and implementing a visitor control system. In response, we have implemented a visitor management system called Ident-A-Kid across the district. Ident-A-Kid is a trusted company that for over 30 years has continued to be a leader in child and school safety programs.

This system includes custom software on a PC kiosk at our front offices. This easy-to-use system will scan multiple forms of visitor ID, take each visitor's photo and print him or her a badge.

When you visit our school, please go to the visitor PC kiosk, click on the appropriate badge option, and scan your ID. Please wear the badge that is printed for you at all times while in the school. When you leave, simply click the Check Out button and enter the Label ID printed on your badge. If you need assistance with this system, please feel free to ask anyone in the office.

By following this check-in procedure, we are able to verify and register all visitors that come onto our campus, perform sexual offender background checks, check for custody issues and have detailed reports of all this activity logged through the system. These simple actions help improve the overall safety of schools in our district.

Thank you for your help in making our school a safer place for your children.

Sincerely,

Jonathan Wilson
WS/FCS Director of Security
